Welcome

We Listen
We Understand
We Deliver

MCL Resourcing supports a wide range of healthcare establishments to deliver exceptional staffing solutions. We provide experienced Registered Nurses and fully trained Healthcare Assistants, as well as senior management and domestic support staff, to a range of care providers including nursing homes, care homes, residential homes, elderly mentally infirm units and specialist care facilities across the North West of England.

Established in 1999, we recruit and develop high calibre healthcare professionals and are a trusted supplier to our network of leading healthcare providers. With decades of healthcare staffing expertise, our friendly team of recruitment specialists provide flexible and responsive support around the clock. From long-term staffing solutions to one-off cover, we match the ideal individual to the specific requirements of the role every time.

MCL Resourcing understands the recruitment challenges facing the healthcare industry. Our partnership approach to working means we listen to the needs of our clients to deliver solutions that exceed expectations. This approach allows us to create long-lasting relationships built on consistency and trust.

One of our
hard working
Nurses!

"I have found the MCL Resourcing team to be very professional. They really get to know each individual employee and their work preferences, knowledge and experience in order to find the most suitable placements. They listen to feedback, both positive and negative, to improve their service. The team is in regular contact with me and always endeavor to find shifts to match my availability."

Every minute
of every day!

We Care Around the Clock

With access to a wide range of local healthcare professionals, we're able to provide staff with a variety of specialisms to meet our clients' exact requirements. Our friendly team work tirelessly around the clock for our clients, supplying flexible staffing solutions such as:

- » temporary cover
- » long-term staffing solutions
- » temp to perm
- » one off cover
- » last minute cover
- » permanent members of staff

Our personal service and partnership approach to working sets us apart from the competition. With vast experience of the healthcare industry, we have great insight into our clients' needs to ensure our services meet and exceed their expectations. We understand that it takes valuable time to induct a new member of staff. That's why, when we supply staff to a healthcare establishment for the first time, MCL Resourcing pay for the first hour of their shift.

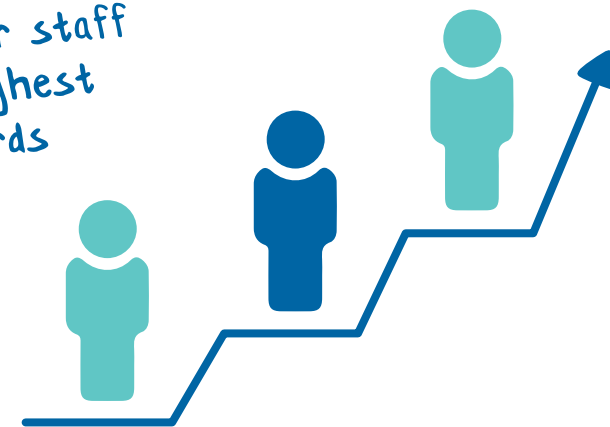

One of our highly trained
Healthcare Assistants

"I have worked for MCL Resourcing since 2009 and would definitely recommend them to any Healthcare Assistants looking for work. I thoroughly enjoy the work that I do and the flexibility means I can easily fit shifts around my other commitments. The recruitment team is very efficient and I am offered a range of shifts each week."

Quality Recruitment and Training

We train our staff
to the highest
standards

We are passionate about delivering quality staff to our clients. Our stringent recruitment and vetting processes are integral to continuously achieving this goal. From initial CV screening and thorough competency based interview, to enhanced reference checking, qualification and certification checks, we are meticulous in our approach to ensure full peace of mind for our clients. We treat all our personnel in a fair and equal manner and in accordance with the Equality Act 2010.

We firmly believe that our staff are our biggest asset so we invest heavily in them to ensure they are trained to the highest standards. A dedicated local healthcare trainer supports our staff in their development and provides a wide range of theory and classroom based practical assessments including mandatory, refresher and advanced training courses.

MCL Resourcing is committed to safeguarding our clients' service users and our staff. When recruiting our healthcare professionals we are meticulous in our recruitment and vetting process to ensure staff are competent, caring and appropriately trained for the role.

We care about the wellbeing of our workforce

"I've worked for MCL Resourcing for many years now and find the team very professional and helpful. Being a parent, I found it hard working around my children but MCL Resourcing have helped immensely by giving me the flexibility I needed to earn a living. As a Healthcare Assistant I've worked in various places and have enjoyed meeting new people and working side by side with healthcare professionals. I enjoy working for MCL Resourcing so much that my friends and my partner now work here too!"

Carolyn, Healthcare Assistant
